THE RUSSIAN AUTOCRAT.

Will His Hatred of Germany Overcome His Horror of War?

The situation is strange, lurid and in a sense humiliating. Armed Europe waits upon the ultimate mandate of one man. "The heaven for height," says Solomon, "the earth for depth, and the heart of kings is unsearchable." Czar Alexander III has two ruling emotions—a horror of war and a hatred of Germany. The problem is, Which passion in him shall conquer the other? Trammeled by no parliament, influenced neither by responsible ministers nor by personal favorites, the big, lonely despot is wrestling out that problem single handed. It is an awful position.

There is no real public opinion in Russia whose voice might sway the autocrat. He must fight out his own battle with himself. Probably no solution would better please him individually than a general disarmament, but that is hopeless. We must leave him to his wrestlings with himself. Meanwhile, at all events, there is a period of reasonably assured respite. Russia is never quite ready, and the millennium will probably surprise her in her chronic attitude of unreadiness. At present she is swapping not horses, but rifles. A year ago there was not a magazine rifle in the Russian army, and the great majority of her soldiers are still armed with the improved "Berdan," a very inferior weapon both to the German and the Austrian rifle.

But Russia retains still the warning memory of her fearful losses before Plevna from the Remingtons, which America placed in the hands of the Turks, and with which her obsolete Krenkes could not cope. After much tedious experimenting, a year ago a definite selection was made of a weapon known as the "three line" rifle, and the production and issue of this firearm are being pushed forward with great energy. But you cannot order in 2,500,000 rifles as you can a bundle of toothpicks. I believe that about a third of the requisite quantity is now delivered.

It is absolutely impossible that the equipment can be completed and the troops trained to the use of the new weapon within the present year. It seems extremely improbable that this result can be attained before the spring of 1896. The opportunity for war—I do not say the certainty of war—will come when Russia shall have completed the equipment of her hosts with the "three line" rifle.—Archibald Forbes in North American Review.

BE MY SWEETHEART.

[The first love song ever written by Mr. Field.]

Sweetheart, be my sweetheart
When birds are on the wing,
When bee and bud and babbling flood
Bespeak the birth of spring.
Come, sweetheart, be my sweetheart
And wear this posy ring!

Sweetheart, be my sweetheart
In the mellow golden glow
Of earth adush with the gracious blush
Which the ripening fields foreshow.
Dear sweetheart, be my sweetheart
As into the noon we go!

Sweetheart, be my sweetheart
When falls the bounteous year,
When fruit and wine of tree and vine
Give us their harvest cheer.
Oh, sweetheart, be my sweetheart,
For winter it draweth near!

Sweetheart, be my sweetheart
When the year is white and cold,
When the fire of youth is spent, forsooth,
And the hand of age is cold.
Yet, sweetheart, be my sweetheart
Till the year of our love be told!

—Eugene Field in Ladies' Home Journal.

Rare Pelt Is the Blue Fox.

In Siberia the skin of the blue fox, or isatis, is highly prized, and the first prize for the horse races of the Amadyr is a fine pelt. According to M. Langkavel, the blue fox still inhabits the Lapland part of Scandinavia, the islands of the White sea, parts of northern Russia, the coasts of Siberia, the new Siberian islands and in America the Aleutian islands, Atton, Oonalaska—the Fox islands—Alaska, the Commander islands, the Mackenzie river district, Labrador and Newfoundland. The blue fox is a variety of the white fox, so rare that of 100 white fox skins only four or five will have the bluish or cloudy tinge.—London Globe.

RELIGION AND POLITICS.

They are mixing religion and politics in some parts of the States east of the Rocky mountains and the result is very unsatisfactory. The mixture was tried last Friday at the Republican primaries at Indianapolis and there were more broken heads and bloody noses next morning than had been seen anywhere in the United States since the strike at Carnegie's works in Pennsylvania some years ago. The struggle for supremacy in many of the wards, according to reports, was simply one of brute force The faction which was strong enough to hold possession of the ballot boxes of course claimed the delegates. Votes were not taken into account in making up the returns, as those who had the ballot boxes counted their friends in. The result will be a number of contesting delegations and a stormy time is expected at the convention.

The fight at the Indianapolis primaries was between the American Protective Alliance, an organization which is opposed to giving Catholics any office of profit or trust, and those who believe that religion should not be mixed with politics. The A. P. A's. seem to have had the best of it and will control the nominations. A bolt is threatened and it is probable that there will be two tickets in the field.

Mixing politics and religion is to be deprecated No good citizen should be ostracised because of his religious views. Under our government every man is guaranteed the right to worship God according to the dictates of his own conscience, and so long as he violates no law and accords to all citizens the rights which he exercises, he should be permitted to travel heavenward in his own way. Religious opinions should not be made a qualification for political office.

RAILROAD PROTECTION.

C. F. Smurr, General Freight Agent of the Southern Pacific Company announces a change in freight rates between New York and California, which will take effect May 1st. Under the new classification east-bound freights will be lower than west-bound freights All Pacific Coast products will be transported East at a lower rate than Eastern commodities will be brought West. This will have the effect of a protection tariff on Pacific Coast products. Every commodity produced on the farm or in the factory or workshop in California will have the benefit of high transportation rates from the East on similar articles. This ought to encourage manufactures on the Pacific Coast if there is anything in protection from outside competition.

The movement to establish a woolen factory on the Truckee river at this point ought to receive an impetus from this new arrangement. Goods ought to be manufactured here as cheaply as in any part of the United States. There is sufficient water power to run the machinery, and there is wool enough produced in the State to supply the factory. The mill would have the advantage of rates on the raw wool east, and on the manufactured wool west.

GOVERNOR WAITE SUSTAINED.

The Supreme Court of Colorado has sustained the action of Governor Waite in removing two members of the Police and Fire Board of Denver and appointing men to take their places. The old Commissioners refused to vacate their offices at the order of the Governor, and barricaded themselves in the City Hall, where the police force of the city and several hundred roughs, armed with Winchester rifles, were assembled to prevent their removal. The Sheriff joined the deposed Commissioners and the Governor had no alternative but to call on the militia to enforce his mandates. The gold trust organs took the position that Governor Waite was insane and that his orders could only emanate from a madman. Now the highest court in the State decides that the Governor was right and acted strictly within the law. It has granted a writ of ouster ordering the old Police and Fire Commissioners to vacate their offices to-day.

If the goldbugs were disposed to deal justly with Governor Waite, whom they ridiculed and misrepresented, they would apologize for their harsh and unjust criticisms now that his acts have been declared valid by the Supreme Court of the State.

REAPING THE WHIRLWIND.

The real cause of the riots in the Pennsylvania coke regions is scarcely touched upon by the Eastern press. The men who are now causing the trouble in Pennsylvania were nearly all imported under contract a few years ago to supplant American laborers by reducing wages.

The Detroit *Free Press* says it is a case of "sowing the wind and reaping the whirlwind." The riotous strikers are the cheap foreign workmen imported by the coke manufacturers to compete with Americans and scale down their pay, at the same time they were beseiging Congress for a duty of 20 per cent. so that they could maintain the lofty standard of American wages. They are the Huns and Slavs who drove the American laborer from his job by offering to do his work at a lower rate. And now that they have become sufficiently familiar with the custom of the country to know that protectionists only pay such wages as they are compelled to, they are seeking, by resorting to the rule of the mob, to force an increase of their wages.

THE ARMOR PLATE FRAUDS.

The Carnegie Company Alleged to Have Been Furnishing Defective Armor Plates During the Whole Period of Its Contract.

PITTSBURGH, Pa., April 16.—"If Secretary Herbert will receive and investigate the affidavits which I am prepared to show him, some of the warships of the new navy will have to be taken apart."

This is the statement of "Honest John" McLuckie, ex-Burgess of Homestead and a former employe of the Carnegie Steel Company, limited, which manufactures armor plates for the Government.

According to the mass of affidavits which McLuckie has been gathering since the day the first completed armor plate was turned out of the Homestead mills, nearly 10 per cent of the plates, sponsons and conning towers furnished the United States by the Carnegie Company are defective. The armor-plate frauds exposed by a party of seven informers a few weeks ago are but a hint of the sensational developments which McLuckie's affidavits will show. These affidavits tend to prove that the system of forcing inferior armor plates on the Government, plates that had not been properly tempered or plates that are filled with blow holes, had been in operation ever since the Carnegie Company began work on its Government contracts.

The exposure which has already been brought to the attention of Congress and which resulted in the Carnegie Company paying over $140,000 to the Government, of which one-fourth went to the informers, covered a period of ten months from November, 1892, to September, 1893. Information will be given to Secretary Herbert at Washington to-morrow to the effect that systematic frauds at the Homestead plant have been carried on since August 12, 1892, up to two weeks ago.

The affidavits are made by six Homestead men, some of whom worked in the mill before the great strike in 1892, while others are employed by the Carnegie Company to-day in the armor plate department. They are made by men who work in the shaping and finishing shop, and who have themselves assisted, though against their will, in the general scheme of deceiving the United States Government inspectors as to the character of plates intended for the warships of the new navy. The affidavits are locked in the vaults of the Pittsburg Trust Company.

This afternoon six men gathered in the office of Attorney James K. Wallace, at 155 Fourth avenue, and prepared typewritten statements for submission to Secretary Herbert. The statement or declarations embody the facts contained in the affidavits, but do not go into details. The affidavits themselves will be furnished the Secretary as soon as he enters into an arrangement allowing the six men a percentage of the amount of penalties and forfeits which the United States Government has a right to demand of the Carnegie Company.

A TRIFLE MIXED.

New Hymn Books and Babies.

In one of our country churches the curate had to give out two notices, the first of which was about baptism, and the latter refered to a new hymn book. Owing to an accident he reversed the order and read as follows:

"I am requested to announce that the new hymn books will be used for the first time in this church on Sunday next, and I am also requested to call attention to the delay which often takes place in bringing children to be baptized. They should be brought on the earliest day possible. This is particularly pressed on mothers who have young infants." "And for the information of those who have none," added the rector in gentle, kindly tones, and who, being slightly deaf, had not heard what had been previously said, "and for the information of those who have none I may state, if wished, they can be obtained on application in the vestry immediately after service to-day—limp ones, fifty cents each; with stiff backs, $1 50."—*Vogue.*

The Powning Block Sold.

Yesterday W. J. Westerfield purchased block K, generally known as the Powning block, of C. C. Powning. It is situated on the south side of Second street opposite the Newlands' residence and is one of the most desirable residence locations in Reno. The consideration is said to be $5,000.

SENATOR ALLEN of Nebraska has introduced a bill to prevent the abuse of legal processes by United States Courts. It prohibits Judges of Federal Courts from granting injunctions or restraining orders against the enforcement of laws enacted by any State Legislature until after the former trial of the case in which the suit is brought. Senator Allen is said to be one of the best lawyers in Congress and knows the necessity for such a law as he proposes to have enacted.

THE Utah papers say that about one-fourth of the 1,200 members of the Industrial Army who were rounded up at Ogden, were tramps and some of them thieves, and the others were workmen out of employment. The Utah authorities made no distinction between the honest men who were seeking work and the criminal class who never work.

THE Boston *Herald* says the country owes a debt of gratitude to the Republicans for their patriotic course in supporting the veto of the Seigniorage bill. Nevada Republicans say their party is in favor of free coinage.

An Associated Press dispatch from Cheyenne gives the details of an exposure of a theft of mineral lands in Wyoming. Of the land donated for the asylum of deaf, dumb and blind over 15,500 acres is declared to be mineral land in the heart of the Silver Crown mining district, in violation of law. It is asserted that the discovery will beat the Republicans at the next election.

THE Ottawa (Kansas) *Journal* says there has been no change in the policy of the national administration of this country for twenty-five years. It has been run solely and exclusively in the interests of the mortgage holders and bondholders of the East, and against the plow holders, the pick and shovel and hammer holders of the West. There has been a change in name of the administration party, and that is all.

"For Years,"

Says LARRIE E. STOCKWELL, of Chesterfield, N. H., "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a **ton weight** was laid on a spot the size of my hand During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly; but, for several days after, I was **quite prostrated** and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, **my mother** gave me **Ayer's Pills, my doctor** recommending them as being **better than anything he could prepare.** I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which **yielded readily** to the same remedy."

A DELUSION.

The Great Republican Tidal Wave of 1893 Analyzed.

The Republican press at the present time is very enthusiastic over the election returns of 1893 and 1894 up to date. Now, let us look at the official election returns and compare the Republican vote of 1892 with that of 1893. Beginning with Pennsylvania, the banner Republican State, we find that in 1892 Harrison received 516,011 and in 1893 the Republican vote was 442,248, a net loss of 73,763 votes. Next we will take New York; in 1892 Harrison received 609,350 and in 1893 the Republican candidate for Secretary of State received 545,098, a net loss to the Republicans of 64,252. In Nebraska Harrison received 87,213 votes and in 1893 the Republican candidate for Judge of the Supreme Court received 72,632, a net loss of Republican votes in one year of 14,581. In Michigan Harrison received 222,708 votes. In 1893 their candidate for Justice of the Supreme Court received 164,754, a net loss to the Republicans in one year of nearly 58,000 votes. In Massachusetts Harrison received 202,814 votes and in 1893 the Republican candidate for Governor received 192,613, a net loss of over 10,000 votes. In Maryland the Republicans polled 15,000 less votes in 1893 than they did in 1892. In Iowa the Republicans cast 12,000 less votes in 1893 than they did the year previous. In Kansas, where the Republicans are reported to have made a clean sweep, taking the heads of the county tickets as a guide, the Republicans polled 55,000 less votes in 1893 than they did the year previous. If the Republicans can gather any campaign material for the Congressional elections of 1894 from the State elections of 1893 they are very welcome to the material.

At the off year local elections there is hardly a quorum of votes cast, and they are no indication of what the results will be at a general election when National issues are at stake. But if the Republicans wish to celebrate the result of these off year elections they should be allowed to do so to their hearts' content (for where ignorance is bliss it is folly to be wise.) And we hope the Populists will not interfere with the Republican enthusiasts who think the Republican party is sweeping every thing before it.

A TEST OF GARDEN SEEDS.

(Newspaper bulletin No. 12.)

The Botanical department of the Experiment Station has in progress a test to determine the germinative power of various garden seeds. The following embraces the results of that part of the test completed at the present time. The varities here mentioned are all from D. M. Ferry's seed house and are said to be of last year's product. The test is conducted in the laboratory, the seeds placed between dampened cloths and germinated at the ordinary temperature of the room.

An Attempt to Break Jail.

George Brown, a negro, and John Daley, the burglar sentenced to State's Prison, Sunday afternoon were discovered in an attempt to break out of the county jail by Deputy Sheriff Jamison. The negro was attempting to saw off an iron bar with the aid of two bucksaw blades and a couple of files. Jamison and Under Sheriff Caughlin opened the door on them and surprised them in the act. Daley was taken to the State Prison yesterday and the negro was placed in irons.

Dr. Henderson and Miss Horton Married.

The Carson *News* says: "The *home* of State Controller Horton, 1033 Ellis street, San Francisco, was the scene of a pretty wedding last Wednesday evening, when his daughter, Margery, and Dr. J. J. Henderson of Elko, Nevada, were united in the holy bonds of wedlock. Rare palms and garlands of white roses graced the reception hall and the parlors were beautifully festooned with fragrant white lilacs."

DEATH OF NELS HAMMOND.

His Funeral Will Take Place This Afternoon.

Nels Hammond, an old resident of Nevada, and well and favorably known all over the western part of the State, died at the German Hospital, San Francisco, at noon Sunday. Deceased came from Michigan to this Coast, and was one of the best known stage drivers on the Pacific Coast. In 1868 he was appointed Wells, Fargo & Co.'s agent at this place, and had charge of all their business over the stage lines centering at this point. He sometime after entered into partnership with John Wilson in the livery business, in which he was engaged for many years, finally selling out to accept the appointment as agent at the Walker Lake Indian Reservation. Mr. Hammond continued in charge of the reservation until a short time ago, when he was superceded by a gentleman from the East. He has been quite ill for some time. He leaves a wife and two children, Mrs. Richard Cowles of Wadsworth and Frank Hammond.

Deceased was a member of Reno Lodge No. 13, F. & A. M., under whose auspices the funeral will take place today. A committee appointed by the Lodge will take charge of the body upon the arrival of the passenger train this morning, and the funeral will take place from Masonic hall at 1:30 this afternoon, at which time all members of the Masonic fraternity are requested to meet at the Lodge room.

THE NEVADA EXHIBIT.

A Dry Season in California.

Treasurer Sanford of Churchill county returned yesterday from a visit to the Midwinter Fair. The $500 subscribed by Churchill county to the Nevada exhibit he considers well expended. Nevada has beyond question a creditable display, and the only objection he has to the Nevada building is its location. The map of Churchill county at the Nevada building is entirely satisfactory. It was drawn by A. J. Chalmers, the surveyor, and is fully up to the standard in accuracy.

Mr. Stanford visited Gault, Stockton and other places in the Sacramento and San Joaquin Valleys. He says the country is very dry and crops will be unusually light. A strong north wind blew in the valleys Sunday and materially damaged the crops. Hay and grain particularly will be light in the large valleys of California this season.

Funeral of B. H. Andrews.

The funeral of Benjamin H. Andrews, whose sudden death from a kick by a horse on his mother's ranch cast a gloom over the community, took place from the Baptist church yesterday. The religious services were conducted by Rev. W B. Pope and were very impressive. The singing, under the leadership of Mrs. B. F. Layton of the Episcopal choir, was sweet and solemn. The casket was covered with the choicest flowers of the season. The funeral was largely attended. The procession was headed by Reno Lodge, No. 13, F. & A. M., of which deceased was a member, and the services at the grave were in accordance with the ritual of the Fraternity.

The deceased was a popular and highly esteemed young man, and sincere regret is expressed for his untimely death in the prime of health and vigorous manhood, and the sympathies of the community are extended to his bereaved relatives.

Union Drain Ditch.

H. C. Schufelt, who has taken a contract to extend the Union drain ditch about three-fourths of a mile from the North Truckee irrigating ditch to the southeast corner of George Schaffer's lower ranch, commenced work yesterday with ten men. He expects to double the force as soon as he can work the men to advantage. O. C. Ross, superintendent of the ditch, will extent the drain ditch through Schaffer's ranch and Russell, Bradley & Foley's ranch to J. N. Evans' field near the N-C-O. Railway. The ditch is expected to carry off all the waste water and seepage from all the country north of town to Glendale and will be a great benefit to many farmers, whose land have been damaged by waste water.

BREVITIES.

Fishing poles, lines, hooks and snell at Lange & Schmidt's. *

Young women, who complain of languor and loss of appetite, need Ayer's Sarsaparilla.

As everybody is liable to derangements of the stomach and bowels, the need of Ayer's Pills is universal. They are the best cathartic.

Rev. C. L. Fisher, formerly pastor of the Baptist Church here, and wife have arrived from the East. Mr. Fisher was welcomed back yesterday by many old friends.

J. G. Kerth left Sunday for San Francisco where he has accepted a position as traveling agent for the Wieland Brewery Company. His brother Louis will run the saloon in his absence.

Sheriff Lew Henderson of Elko county came in last evening with J. D. McGee, who was sentenced to fifteen months' imprisonment and whom he will take to Carson to-day.

The Elko *Independent* says about 125 members of the Industrial Army boarded a freight train at Carlin last Saturday and went east to join Kelly and Coxey's gang at Washington.

The best place to buy fishing tackle gum boots, groceries and all kinds of provisions and canned goods is at R. C. Wills. Call and get prices before purchasing elsewhere. apr5tf

Mrs. S. A. Hamlin and family returned Sunday night from Pacific Grove where they spent the winter. Her daughter, Mrs. Camille Lonkey, who has been visiting her about a month, came as far as Verdi.

It is rumored that George Richards, the present Deputy State Treasurer, will be appointed to fill the unexpired term caused by the death of John Egan. Mr. Richards was appointed to serve out the unexpired term of Treasurer Tufley when he died.

The *News* says the State Board of Examiners Saturday counted the funds in the State Treasury and found everything absolutely correct. The Attorney General's seal was then put upon the lock and the safe will not be opened until the office is ready to be turned over to Mr. Egan's successor.

Sam Armanko has assumed control of the Union Saloon formerly conducted by Chase & Boynton. Last night it was formally opened. Hasting's band played some of its liveliest airs on the balcony in front of the building and it looked as if the Silver party had opened the campaign.

ONE OF THE INDUSTRIAL ARMY.

Harry Kelley of Carson Who Jumped From the Train Here Dies of His Injuries.

When the train with 1,200 men of the Industrial Army shot through Reno without making any stop week before last there was among the passengers (?) a young man named Harry Kelly. He was born and raised in Carson City, and had there a mother, for the support of whom he had sought work in vain. The train did not stop at Reno as he had expected, and he jumped off the box car, striking on his head. He was seriously injured and was unconscious for some time. Finally he got up and started for Carson. No one will ever know what he endured in that terrible thirty mile walk. He finally reached home, but he had come home to die Harry Kelley lingered hovering between life and death, until Saturday afternoon, when he was summoned to the choir invisible.

Excursion to San Francisco.

The experienced excursion manager, P. H. Mulcahy, is organizing an excursion to San Francisco and return, to leave Reno, Saturday, May 12, 1894. The fare for the round trip will be $7 50. Excursionists will have an opportunity to visit that marvel of beauty, the Midwinter Fair, during the month of sunshine and flowers, and participate in the festivities of Nevada Day, W. C. T. U. Day, Knights of Pythias Day, Athletic Day, Swedish Day, Miners' Day, etc. Parties desiring to subscribe for tickets, or all information, apply to P. H. Mulcahy, Reno, Nevada. ap 8-t d

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with a Cough, Cold or any Lung, Throat or Chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at S. J. Hodgkinson's drug store. Large size 50c and $1.

A Leader.

Since its introduction, Electric Bitters has gained rapidly in popular favor, until now it is clearly in the lead among pure medicinal tonics and alteratives—containing nothing which permits its use as a beverage or intoxicant, it is recognized as the best and purest medicine for all ailments of the Stomach, Liver or Kidneys. It will cure Sick Headache, Indigestion, Constipation, and drive Malaria from the system. Satisfaction guaranteed with each bottle or the money will be refunded. Price only 50c per bottle. Sold by S. J. Hodgkinson.

THE SKILL AND KNOWLEDGE

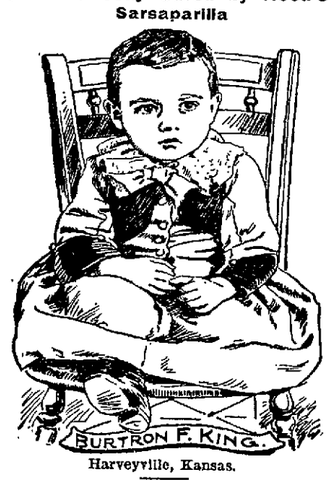
When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Our Baby Boy

Suffered Intensely From Impure Blood

Till Perfectly Cured by Hood's Sarsaparilla



Harveyville, Kansas.

"C. I. Hood & Co., Lowell, Mass.:

"Our little baby boy is now almost two years old. When he was about six weeks old there appeared a breaking out on his head and breast. We tried various salves and soaps, but it

Continued to Grow Worse

And we took him to a doctor. He said it was scrofula, but his treatment failed, and we called upon three other physicians, who termed it salt rheum or eczema. Even then he grew worse. A crust would gather on his head as thick as a quarter and puff up with corruption. Then it would come off, taking the hair with it. About three months ago we resolved to try Hood's Sarsaparilla and Hood's Olive Ointment. To-day we are happy to say that Burtron is now

Entirely Well.

The sores have all disappeared and his hair is growing nicely. He has only taken one bottle of Hood's Sarsaparilla and used one box of

Ointment. We can now recommend Hood's Sarsaparilla to others, and truthfully say it has worked wonders in our little boy's case. I have also been taking Hood's Sarsaparilla for indigestion and liver trouble and am improving right along." DAVID A. KING, Harveyville, Kansas.

Hood's Pills are prompt and efficient, yet easy in action. Sold by all druggists. 25c.
